DEPARTMENT OF AGRICULTURE.

CUSTOM CROP OF 1929-30—FRESH FORECAST REPORT.

[On an average of the five years ending 1927-28,
the area under cotton in the Madras Presidency
has represented 94 per cent of the total area
under cotton in India.]

The area sown with cotton in the Madras Presi-
dency up to the end of January 1930 is estimated
at 2,467,500 acres as compared with the estimate of
2,374,100 acres on the corresponding date of last
year or an increase of about 5 per cent.

2,455,000 acres have been reported as sown
since the December forecast, made up of 267,500
acres of Tenkadu, 45,500 acres of Chintala,
24,500 acres of Samsa, 15,000 acres of Northern
and Western, and 18,500 acres of Coimbatore.
The area sown in December and January is greater than
that in the previous year by only 14,500 acres.

3. There has been an increase in area in Coimbatore,
Madras, and Belgaum owing to good rains in
September. The increase in the area under
cotton in early season in Belgaum was due to the
loss of the season. Inadequate sowing in
August are responsible for the fall in area in Belgaum.

The area under irrigated cotton, mainly in Belgaum,
is estimated at 187,500 acres as against 200,500
acres last year, a decrease of about 6 per cent.

4. Fitting of the very early crop in the Deccan
is over. The yield is below normal owing to
drought during the growing period. The crop is
coming into the market.

Yields, normal or slightly above normal are expected
in the Coimbatore and Northern and Western
areas (Belgaum excepted), South Arcot, Tanjore,
Madras, Tenkadu (excepted), and the
West Coast. Yields below normal are expected in
the other districts, especially in Salem and
Coimbatore.

The seasonal factor for the Presidency was set at
87 per cent of the average as against 90 per cent
on the corresponding date of previous year. On this basis,
the yield works out at the 615,000 bales
of 40 lb. but against 518,000 bales on the
corresponding date of the previous year. It is, however,
too early to estimate the yield with accuracy as the
harvest has not yet commenced in the major portion
of the area and much will depend upon the subsequent
weather conditions and the fall taken by
market prices.

5. The estimated area and yield under the several
varieties are given below:—

order that payment of the amount decreed shall be postponed or shall be made by instalments, with or without interest, notwithstanding anything contained in the contract under which the money is payable.

(3) After the passing of any such decree the Court may, on the application of the judgment-debtor and after notice to the decree-holder, order that payment of the amount decreed shall be postponed or shall be made by instalments on such terms as to the payment of interest, the attachment of the property of the judgment-debtor, or the taking of security from him, or otherwise, as it thinks fit.

Subsidiary to the following for rule 40 of Order XXI—

40. (1) When a judgment-debtor appears before the court in obedience to a notice issued under Rule 37, or is brought before the Court after being arrested in execution of a decree for the payment of money, and it appears to the Court that an insolvency petition has been presented by or against the judgment-debtor, or that the judgment-debtor is unable to pay the debt or other sum due to pay the amount of the decree, or if that amount is payable by instalments, the amount of any instalment thereof, the burden of proving the inability to pay being on the judgment-debtor, the Court may upon such terms (if any) as it thinks fit, make an order directing the application for his arrest and detention, or directing his release, as the case may be.

(2) Before making an order under sub-rule (1), the Court shall take into consideration any allegation of the decree-holder touching any of the following matters, namely—

(a) the decree being for a sum for which the judgment-debtor was bound in any financial capacity at the time;

(b) the transfer, concealment or removal by the judgment-debtor of any part of his property after the date of the institution of the suit in which the decree was passed, or the concealment by him after that date of any other part of his property, with the object or effect of eluding or delaying the decree-holder in the execution of the decree;

(c) any undue preferences given by the judgment-debtor to any of his other creditors;

(d) refusal or neglect on the part of the judgment-debtor to pay the amount of the decree or some part thereof when he has, or since the date of the decree has had, the means of paying it;

(e) the likelihood of the judgment-debtor absconding or leaving the jurisdiction of the Court with the object or effect of eluding or delaying the decree-holder in the execution of the decree.

(3) While any of the matters mentioned in sub-rule (2) are being considered, the Court may, in its discretion, order the judgment-debtor to be detained in the civil prison, or leave him in the custody of an officer of the Court, or release him on his furnishing security, to the satisfaction of the Court, for his appearance when required by the Court.

(4) A judgment-debtor released under this rule may be re-arrested.

(5) Where the Court does not make an order under sub-rule (1) it shall cause the judgment-debtor to be arrested if he has not already been arrested and, subject to the other provisions of this Code, commit him to the civil prison.

Provided that, in order to give the judgment-debtor an opportunity of satisfying the decree, the Court before making the order of commitment, may leave the judgment-debtor in the custody of an officer of the Court for a specified period not exceeding ten days, or release him on his furnishing security to the satisfaction of the Court for his appearance at the expiration of the specified period if the decree be not sooner satisfied.

When the Court sees fit to leave a judgment-debtor in the custody of an officer of the Court and the judgment-debtor does not pay the whole or part of such instalment payable, it shall be competent for the Court to require the decree-holder, on pain of his application for arrest being dismissed, to pay into Court such sum as the Judge deems sufficient to cover such instalment liable for arrears, or, in default of the judgment-debtor and not of arrears, if any, and sums decreed by the decree-holder under this provision shall be deemed to be paid in this respect.

(5-A) During the temporary absence of the Judge who issued the warrant rule 40 or 37, the warrant of commitment may be signed by any other Judge of the same Court or by any Judicial Officer superior in rank who has jurisdiction over the same locality, or where the arrest is made as a warrant issued by the District Judge, the warrant of commitment may be signed by any Subordinate Judge or District Magistrate, empowered in writing by the District Judge in this behalf.

(6) No judgment-debtor shall be committed to the civil prison or brought before the Court from the prison in which he has been committed pending the consideration of any of the matters mentioned in sub-rule (2) unless and until the decree-holder or person Court such sum as the Judge may think sufficient to meet the travelling and subsistence expenses of the judgment-debtor and the court for the journey to and from the prison.

Sub-rule (3) of rule 37 shall apply to such payments.

STATEMENT OF OBJECTS AND REASONS.

It is considered necessary to strengthen the financial administration of the Andhra University by the constitution of a Statutory Finance Committee consisting of the Vice-Chancellor, Secretary to the Government of Madras in charge of Finance, one member appointed by the Syndicate and one member nominated by the Chancellor from among his nominees to the Syndicate. Powers are conferred to the Finance Committee to scrutinise the financial estimates, accounts and items of expenditure of the University. The views of the Finance Committee will be taken into consideration before final decisions are taken by the authorities concerned. The Syndicate is also enlarged by the inclusion of the Secretary to the Government in charge of Finance as an *ex-officio* member and by the increase in the number of members to be nominated by the Chancellor from two to three.

It is also proposed to amend the Andhra University Act, 1925, so as to provide for payment to the University two professorial funds of (1) a sum amounting to two and a half lakhs to be credited to the Permanent General Capital Fund or the Foundation Fund of the University, (2) an annual block grant of not less than one and a half lakhs of rupees for the general expenditure of the University, and (3) a sum amounting to not less than seven and a half lakhs of rupees for buildings and equipment of the University payable on such conditions as may be agreed upon between them and the University.

As a result of the passing of the Andhra University (Amendment) Act, 1929 (Madras Act VI of 1929), the Ceded Districts and Chittoor have ceased to form part of the University area but the members of municipal councils, town boards and district boards of these districts continue to have the right to send to their representation on the Senate. It is considered desirable that (a) the *ex-officio* members of the Legislative Council who are residents of these districts, (b) representatives of the secondary schools in these districts, and (c) landholders of these districts should be allowed to have representation on the Senate by enlarging the scope of the respective categories under clauses (b) (4) and (4) of class III of section 15 of the Act.

The Bill gives effect to the proposals referred to above.
